

## Looking for funding for your community programs?

The Seattle Park District has three great funding programs for community activities!

All of these programs focus on funding priority populations, including people of color, immigrants and refugees, and the LGBTQ community.

**Arts in Parks** funds outdoor arts and cultural projects in City parks. Funded projects include festivals, events, and temporary public art.

**Get Moving** funds culturally relevant physical activities to communities where health disparities are prevalent. Funded activities include innovative and sustainable programs that strengthen collaboration.

**Recreation for All** funds new, innovative, and culturally relevant recreation opportunities. Funded programs will take place in City of Seattle community centers, parks, and facilities.

**Learn more by stopping by a drop-in information session!**

We can make interpreters available with 72 hours' advance notice.
